

PVC Sheeting for your Protection

PVC sheeting can be used to protect people by creating barriers in all shapes and sizes.

- Sales counters
- Reception desks
- Hospital partitions
- Office protection
- Factory/warehouse partitions
- Stretcher protection
- Driver protection in public transport
- Protective visors

PVC sheeting is available in different thicknesses from 400 micron fine vinyl to 7mm thick.

Fine vinyl is:

- Crystal clear
- Cost effective
- Easy to clean
- Flexible
- Food grade
- Eco-friendly
