To Whom It May Concern

This letter is intended to vouch for Maxiflex Door Systems SA business partnership with our company and our business activity.

Maxiflex Door Systems SA has been our primary business partner in South Africa since 1994, and we are pleased to inform you that we have sent thousands of industrial doors and docking systems so far.

They have been our best solution partner for working as a turnkey service for industrial doors and docking systems, including maintenance and service operations.

We would like to kindly note that they have the best experience with our products and systems in South Africa and they already have a stock for many spare parts available.

Sincerely yours,

Faruk Koçak *FK*

Area Sales Manager, IDS Export
